The annual picnic was successfully held on 27th February. All of the teachers and students had a great and memorable day. Some went to country parks and had a barbecue, some went to theme parks and enjoyed some rides. Apart from country parks and theme parks, where would you like to spend your picnic day?

If I could choose the place for the school picnic, I would choose the beach in Cheung Chau because it would be super fun to go to the beach with schoolmates.

---

I would like to go to The Hong Kong Zoological and Botanical Gardens as we can learn about different types of animals and a lot of rare plants there, while having fun with our friends.

---

I would like to go to Kadoorie Farm in the future. At Kadoorie Farm, there are many typical Hong Kong plants and animals. Everyone can breathe in fresh air to relax.

---

Tai Mei Tuk would be a good place because I could have a barbecue and ride a bike with my classmates. I believe that it would be a great opportunity for us to enhance our friendship.

Drama Club production

The ideas for the script were created and developed by the club members. Everyone devoted creative ideas to reach the final product. The backstage crew prepared the props and costumes and made the best of a small budget. The actors were always busy reciting their lines and improving their acting. We are proud of the achievements made by our Drama Club.

The plot of the drama: HARMONIOUS

Three former officials, Adrian, Bruno and Caroline, enter a wild forest after receiving a secret mission from the new take-over government. They have to check on the native tribes-people living in remote areas, after the war. They were scared at the beginning and there were several conflicts. However, their respect and compassion towards the tribes-people finally emerged and they all became friends. However, things did not go as well as they had hoped when a disturbing and unexpected event occurs...

Song recommendations

Music is the best choice for you to relax when you feel tired. If you are not very familiar with the latest pop songs or classical music, don’t worry! Here are some songs recommended by your fellow students.

I would recommend ‘Count on me - Bruno Mars’ to all teachers and schoolmates. This is a great song about the relationship between people. It tells us to trust and count on the people who are our friends and tell them our sadness or joy.

1D Louisa Wan

I would recommend ‘MY BEST FRIEND - GIRLS GENERATION’. The song is very meaningful and it is about friendship. I hope all the friends treasure the time they have together and their friendship lasts forever.

2A Zee Ka Wai

I would like to recommend the song ‘You’ll be in my heart’ by Phil Collins. I would love to dedicate this song to the whole school. When I listen to it, I feel recharged and reborn. I think it’s what we need when we are striving to achieve our goals.

Tuck Shop

Turnip cake is my favourite food in the tuck shop. When a slice of turnip cake comes into my mouth, I feel full of energy. I think ours is the best school tuck shop in Kowloon. However, there should be more packs of ‘mixed noodles’ as this is the most popular food in school.

3D Kitty Fung

My favourite food in the tuck shop is the corn because it tastes sweet and it isn’t oily. I don’t feel hungry after eating this. I think the good thing about the tuck shop is it has a lot of variety. Students can choose what they want without hesitation. Alternatively, the bad thing is we need to wait a very long time to buy food, especially at lunchtime.

Under pressure from heavy schoolwork, our schoolmates are experiencing a lot of stress. It’s time for them to take a rest and relax. Indeed, watching a movie or a reality show is often the best way to get rid of stress. Here are some popular recommendations for you when you’re looking for a way to unwind.

**Project Runway**

Project Runway is an American reality television series. The contestants compete with each other to create the best clothes and are given a budget to select and purchase fabric and materials. Then they are provided with a limited amount of time to finish their designs and produce an item of clothing to fit a given theme. Often, the designers work independently but sometimes, they will work as a team to compete with other teams.

When the time is up, the designers must dress their models and select their hair, make-up, and accessories. Each model walks down the runway, and the garment the contestant has made is rated by a panel of judges. One or more designers are eliminated each week in the competition.

**Heston’s Fantastical Food**

Heston’s Fantastical Food is a television cookery program starring chef Heston Blumenthal. In the show, Heston takes up challenges to supersize a variety of food in every episode, in order to excite the public. These challenges include creating a pub out of pies which included an arch made from pastry, and a cone which could hold one tonne of ice cream.

What Heston does is really interesting and meaningful. It’s because you don’t hear of anyone trying to do these sorts of challenges and succeed! Also, his aim is to make the public feel happy and to excite them, which he usually achieves in the end. Furthermore, his perseverance is admirable. Although he may fail to supersize the food at first, he continues to persevere until he succeeds.
Kon'nichiwa! Certainly, sushi is not the only fascinating feature in Japan. When you join a Japan study tour, you will not only be able to learn Japanese, you can familiarize yourself with the Japanese comic culture of ‘manga’ or ‘anime’. Also, more than 130 million people speak Japanese so that’s a lot of conversation practice!

The summer holiday is coming. This year, students from Talt Nga will be visiting Taiwan and the United Kingdom. Which language and culture are you interested in learning about? Here are a few popular choices for an overseas study trip.

Being a Hongkonger, how much do you know about your ancestral homeland, China? A study tour in China will be a fantastic opportunity to deepen your understanding and appreciation for the Chinese culture. Did you know that China has over 200 living languages? That should keep you learning for a lifetime!

Have you ever visited New York? You can see the Statue of Liberty there. It symbolizes justice, freedom and friendship between countries. The statue contributes to our civilized society today. Lady Liberty will welcome you on your study trip to the USA.

Have you ever dreamed about having an English muffin breakfast with your friends, while practising your most authentic British accent? Going to the UK on a study tour is the best way to fulfill your dream. You can learn to speak the Queen’s English while you’re eating cucumber sandwiches at high tea!
